6th Europiade Kehl-Strasbourg from 25. - 28.8.2022

- Presence IVV-Europe

Members of the IVV-Europe Presidium will be available during the Europiade with an information and communication stand at the disposal of all walkers.

Take the opportunity to tell us your wishes, your desires, tell us what you are not satisfied with, tell us how we, as IVV, can improve.

The IVV Europe Presidium is looking forward to meeting you, its members !

- President walk

Traditionally on the occasion of the Europiade a "President's Walk" takes place. As IVV-Europe we try to give this walk an additional incentive.

Let us meet as presidents of national federations, of associations or clubs for this walk. Let's get to know each other, let's talk together, let's walk together, let's have fun together and let's enjoy the hospitality of the organizers. Of course, the flowing start times also apply, as announced by the organizers !

Our proposal for the common start for the presidential walk : Thursday, 25.8.2022 at 10h00 at Strasbourg

In the run-up to the Europiade, the IVV Congress will take place from 22 to 24.8.2022. As IVV-Europe we want to benefit from the presence of our members and invite them to a :

Brainstorming Workshop "IVV WALKING AFTER THE CORONA PANDEMY".

The IVV walking organization restrictions due to the pandemic have now all been lifted. What the virus has done to all of us, walkers, and organizers, is now becoming apparent. Restricted numbers of participants almost everywhere, a large number of volunteers who are no longer available, put us all to the test.

We invite all European walking federations to join us in discussing how we can all get out of the current trough. What are your experiences, is there a return to the pre-Corona era or do we have to resolutely take care of the present, the future ?

IVV-Europe invites you - on Wednesday afternoon 24.8.2022 from 14h00 to 16h30.

The workshop will take place at the headquarters of the French Popular Sports Federation, 2, rue de Sarrelouis F-67000 Strasbourg (Near the main Railway Station)

For organizational reasons we ask for your registration on :

Info@ivv-europa.eu

We are very much looking forward to your valued participation !

Candidates wanted to organize the 7th Europiade

At this point, we would like to thank the Austrian Volkssportverband, which, after a long "waiting period" due to the pandemic, offered an exceptionally pleasant Europiade under the most difficult conditions from October 20 to 23, 2021 in Alta Pusteria.

Due to the pandemic, the 2-year frequency has been somewhat confused. So, after 2021, the next Europiade will take place in 2022 in Kehl/Strasbourg.

Reminder :

- 2012 Echternach (Luxembourg) and Irrel (Germany)
- 2014 Marostica and Breganze (Italy and Naturno, South Tyrol)
- 2016 Kitzbühel (Austria)
- 2018 Castelvetrano and Mazara del Vallo (Sicily, Italy)
- 2021 Sillian (Austria) / San Candido & Dobbiaco (South Tyrol)
- 2022 Kehl (Germany) and Strasbourg (France)

Unfortunately, the tradition of handing over the flag to the next host on the occasion of the Europiade can actually not be continued. In fact, at the moment we are still looking for one, ideally two, national federations that are interested in organizing the 7th IVV-Europiade.

As IVV-Europe we can understand the burdens of organizing a large event. But as IVV we should also be aware that a Europiade strengthens the cohesion within the IVV. In addition, there is the possibility to make new interested people members. Let's make them feel comfortable with us.

A Europiade is more than just an international meeting, but should also arouse curiosity within the country of the event.

We would like to assure already now any possible support to the possibly interested country association. Also, every concern can be addressed in a clarifying conversation. Whether the next Europiade should take place again in 2024 remains to be clarified together !

IVV-Europe is at your disposal : Just call, mail. We are looking forward to the first conversation !

IVV-Europe is pleased to announce a partnership with **"Jack-Wolfskin"**.

" Authentic, Responsible, Adventurous....

We want to motivate people to get outdoors, connect with the nature, have new experiences and enjoy outdoor life with family and friends."

This statement could probably come from IVV-Europe, but it is a guiding principle of the multinational manufacturer of outdoor clothing, functional clothing as well as outdoor equipment founded in 1981 : Jack Wolfskin.

"The active perception of social responsibility is part of the self-image and our corporate culture. We firmly believe that fairness, environmental awareness and social responsibility are not at odds with our corporate success."

This assessment also reflects the structure of our two organizations.

We are therefore pleased about the mutual positive perception of our activities, about the esteem shown to us by this multinational manufacturer and appreciate the partnership that has been established !

IVV-Europe is pleased to cooperate with "Jack-Wolfskin" and to further develop our mutual business cooperation in the near future.

DIGITALE WALKING

In the previous Newsflash, IVV-Europe has pointed out the possibility, even the inevitable necessity, of digitizing our trails, trail records, etc. As IVV we have to take this additional step in order not to be simply not accepted by the new, young clientele.

In order to make progress, to set goals, achievable goals, IVV-Europe proposes to start with the additional possibility to walk Permanent Trails digitally. This is certainly not to abolish the current method, but is to be understood as an additional possibility. In this way, the first knowledge steps and findings for further digitalization should be acquired.

Let's all join in, let's offer our permanent walking trails for additional digital hiking ! Let's allow, encourage, approve the digital recording of Permanent Walking Trails !

Let's start TODAY, let's inform each other, let's encourage each other, let's share our experiences, both negative and positive, let's discuss our needs ...

Let's inform our members, each other regularly in this place, of the progress of this project. Let's give our walkers the opportunity to experience the Permanent Digital Trails ! In France we are currently starting a "test series" with selected walking trails. The experiences made will be exchanged here at this place.

When, if not now - How, if not like this - Who, if not us ? (quote Talmud)

18th Olympiad in San Antonio, Texas USA

Partnership with P.T.A-TOURS

One of the tasks of IVV is to serve the international understanding and peace on the basis of popular sports by establishing international friendships, thus promoting cultural and historical exchange. Yes, people gather new experiences on travelling and let new contacts and friendships develop.

So what could be more natural to bring our members closer to traveling, to enable our members to experience international encounters.

In this sense we are very pleased about the partnership that IVV-Europe has entered into with the (Walking-)Tour operator P.T.A-Tours.

P.T.A-Tours is already best known to the „IVV-world" for sure, as it has been present at IVV events, Olympiads, Europiads etc. for years. The travel offers to clubs and associations have been actively used for years.

From February 19 to 26, 2023, the 18th IVV Olympiad will be held in San Antonio, Texas. The organizer is the Americas Walking Club. P.T.A. TOURS will offer various accompanying travel packages to the 18th IVV Olympiad. Together we will be able to experience fantastic landscapes, famous sights, impressive monuments and exciting cities. *The travel programs are in preparation and will be published soon by both P.T.A and IVV-Europe !*

International 60km Cup 2022

Between 16.4.2022 and 5.11.2022 an "International IVV 60km Cup" will be held for the first time. This Cup "introduces in a charming and exciting way the world of the International Volkssport. Thus, by participating, the walker can combine his sporting excellence with International Volkssport events in Belgium, Germany and Luxembourg that unite nations". Of course, the participation will be evaluated for the International Volkssport Badge. It should be noted that practically "on the side" at all events also a "Marathon" as well as Volkssport usual distances are offered.

At the invitation of the organizers, IVV-Europe supports this cross-border initiative in the most cordial way, be it by a greeting of the IVV-Europe President on the homepage of the organizers <https://www.int-60er-cup-2020.com>, or by spreading the information about the Cup on the IVV-Europe homepage and Facebook page, or by "motivational posts" on the part of IVV-Europe on its Facebook page.

IVV-Europe congratulates and thanks the organizers for their tireless work in the spirit of the IVV, for the choice of routes that meet all tourist aspects, for the dynamic communication on social media channels and for the exemplary collaboration with the IVV.

The dates and places of the event :

04/16/2022	Stavelot (Belgium)	Stavelot-Spa-Stavelot Pearls of the Ardennes.
07.05.2022	Dudelange (Luxembourg)	European march Schengen-Dudelange
21.05.2022	Cochem (Germany)	Burg Eltz Trail
18.06.2022	Mertert (Luxembourg)	Müllerthal goes Mertert
30.07.2022	Trier (Germany)	Saar-Hunsrück 60'
15.08.2022	Bettendorf (Luxembourg)	In the valley of the river Sauer
29.10.2022	Koblenz (Germany)	Loreley Trail
05.11.2022	Saive (Belgium)	60km du Plateau de Herve

Challenge 2022

The „Challenge 2022“ was introduced to encourage walkers to collect stamps, to walk IVV. In the absence of so-called walking days and greater walking opportunities, walkers should be encouraged to visit permanent trails as much as possible using IVV walking opportunities.

At the moment, walkers from the following countries are registered: Germany, France, Belgium, Czech Republic, Italy, Holland, Austria, Switzerland and Luxembourg. A real Europe-Challenge that actually fulfills all goals, if the Challenge 2022 would also receive the support of the national associations and would be recognized as what it is supposed to be:

A continuous dissemination of information to the public with the purpose to make the IVV known and to maintain its image.

Promote the Challenge, publish the offer on your homepages, on Facebook and help to build an IVV community by supporting a common project !

In this sense it should be noted that IVV-Europe has so far posted 11 different posts in 3 languages regarding the Challenge on Facebook. These posts reached so far 21.358 interested subscribers.

There is still the possibility to register for the "Challenge", please forward the information.

All details can be found on the IVV-Europe homepage : <https://www.ivv-europa.eu>

The first "finishers" will receive their awards, consisting of certificate, medal, patch and pins on the occasion of the Europiade in Kehl/Strasburg at the stand of IVV-Europa !

MEET US
